AQUACISE	Using the benefits of water resistance for a low impact cardio and muscle toning workout that can suit a wide range of abilities and user groups.
ZUMBA	Combine the calorie burning benefits of aerobics with up to date, fun dance moves and you have Zumba. Catering for every user's ability, it's one of our most popular classes.
HIGH INTENSITY CIRCUITS	A combination of both cardio and resistance training in the same workout. It alternates upper and lower body moves as well as high/low-intensity exercises.
ZUMBA TONING	This class fuses Latin rhythms & easy to follow low impact moves using lightweight toning sticks that you shake like maracas, to tone & sculpt muscles.
YOGALATES	A mix of Pilates & Yoga designed to increase mobility, muscle, tone, flexibility & leave you feeling centred & calm.
LEGS, BUMS & TUMS	Legs, Bums & Tums is a unique aerobic fitness class that is full of fun exercises to tone those "wobbly" areas on your stomach, thighs and bum. We use circuits and games to add to the fun and keep things interesting.
THROWBACK AEROBICS	A cardiovascular aerobics session set to some of your favourite throwback music from the 80's & 90's. This class is fun, a great exercise and is set to some great music!
ZUMBA STEP	A dance-based session incorporating the Latin beats of a Zumba class! Using a small box step, this class will really get you moving to the music!
YOGA	A physical & mental exercise using stretching & breathing to help improve posture & core stability, whilst helping you relax & release stress.
PILATES	A class combining stretching and strength work to improve posture and mobility on the muscles around the spine.
FIT BALL	Using similar methods of Pilates to form a cardio/conditioning workout, using an array of equipment to assist.
KETTLEBELLS	Kettlebells is designed to not just help improve your strength, but will also help to improve other factors like the strength of your core, improve balance & flexibility as well as coordination.
STRETCH & MOBILITY	This class designed to improve your balance, mobility, posture and stability through light exercise and stretching.
CIRCUITS	Circuit classes are high energy and fast-paced and involve moving your way around different exercise stations performing each exercise as many times as you can in a set amount of time.
CYCLE	Cycle is a high-intensity exercise on a stationary bike. It combines cardio & endurance in a calorie-crunching session!
LUNCH BLAST	Our lunchtime workout will give you a great mix of exercises to tone your whole body.
CORE & BACK	Improve your posture and build core muscle groups through a variety of exercises designed to strengthen your abdomen and back muscles while increasing your flexibility.
